den Druckschriften und Muster an.

The advertisement features a collection of precision-machined plastic components. At the top center is a black cylindrical part with a hole. Below it are several gears of different sizes, some white and some black. To the right, there are two screws, one black and one white. In the center, a large black gear is surrounded by several white cylindrical parts of varying diameters. A white gear strip is visible at the bottom right. The background is a textured, light-colored surface.
